

Notice to PierPASS Direct Pay Customers

Effective November 1, 2023, the Traffic Mitigation Fee (TMF) will increase to \$35.57 per TEU and \$71.14 per FEU.

Effective 00:00 Hours on Wednesday, November 1st, Import containers being claimed will be required to be prepaid at the new rate.

Beginning Monday, October 16th you will have the ability to prepay containers at either the current rates or the new rates effective on November 1. If your containers are expected to move on or after November 1st we recommend claiming your Import containers using the new rates. An Import container prepaid at the full new rate that actually moves before or on October 31st (before the effective rate increase) will have the difference between the new rate paid and the lower current rate incurred credited back to their account. Those partial funds credited back are then available to be used toward future fees to be paid.

If an Import container is claimed/paid for at the current rates of \$34.21 TEU /\$68.42 FEU but moves on or after November 1, 2023, then an additional \$1.36/TEU or \$2.72/FEU will be placed on your accounts Import Fees Due page of the website for additional payment.

Do not attempt to unclaim and reclaim unmoved Import containers already claimed as this could prevent the container from being released on or after November 1st.

Direct Pay Exports will be billed based on the fee rate in place at the time of the gate transaction and do not require prepayment.

If you have questions, please contact the Customer Service Center at 877-863-3310.
